

FABRICATION / INSTALLATION WARRANTY

Project Name

Lange Containment Systems, Inc. warrants the **Material Type** factory fabricated seams and field seams to NSF standards for a period of one (1) year. This warranty will be effective upon substantial completion of the field installation of the **Material Type** lining materials.

Our warranty is exclusive to the repair or replacement of any fabrication / installation defects in the **Material Type** Liner.

This warranty excludes any dewatering, sludge removal, earthwork or any other factors limiting accessibility for repair. This warranty is in addition to the manufacturer's standard prorata warranty.
